

Model B: Price Increase

RIPE NCC Charging Scheme 2024

Publication date: Not yet submitted for GM approval

Introduction

The Charging Scheme model is based on the principle that members pay an annual contribution (service fee) per Local Internet Registry (LIR). Members also pay additional fees for independent and Legacy Internet Resources. New members or additional LIR account registrations also pay an additional one-time sign-up fee alongside their annual contribution.

The 2024 Charging Scheme is to be approved by the RIPE NCC membership at the RIPE NCC General Meeting (GM) May 2023.

Every year, members can decide to vote at the GM to return excess paid fees, or the shortage of fees, via a redistribution to the membership.

RIPE NCC Charging Scheme 2024

An increase of EUR 150 in the 2024 annual contribution (service fee) per LIR account and an additional separate charge of EUR 50 per ASN assignment, was approved at the May 2023 GM. This increase was in response to rising economic uncertainty, inflation, and a potential reduction in the number of contributing LIR accounts

Resources falling under the new additional separate charge for ASN assignments are, INFRA ASN, Sponsored ASN & Legacy ASN under contract.

The separate charge of EUR 50 per independent Internet number resource assignment will be continued. Resources falling under this charge are IPv4 and IPv6 PI assignments; Anycast assignments; IPv4 and IPv6 IXP assignments; and Legacy IPv4 resource registrations through a sponsoring LIR. AS Numbers are excluded from this charge.

Charge Basis:	per LIR account
Annual Fee:	EUR 1,700 per LIR account + (EUR 50 per independent number resource assignment – see definition above)
Sign-up Fee:	EUR 1,000

Billing and Invoicing

The independent Internet number resource information for members will be determined based on data gathered on 31 December 2023. Invoices will be sent in the first quarter of 2024.

Legacy Internet Resource Holder Fees

The fee for Legacy Internet Resource Holders that engage in a direct agreement with the RIPE NCC is identical to the annual fee per LIR account for this year. There is no sign-up fee for Legacy Internet Resource Holders that conclude a separate direct agreement with the RIPE NCC. There is no sign-up fee for Legacy Internet Resource Holders that become members and do not request any additional Internet number resources from the RIPE NCC. If a Legacy Internet Resource Holder requests additional Internet number resources after becoming a member, the sign-up fee will be charged at this later stage, and in a way identical to that in which the membership sign-up fee is charged.
