Number Resource Organization

- PrepComm Geneva
 - no consensus on Internet Governance
- 3 Main Positions
 - US: “The UN will never run the Internet”, US will continue stewardship, recognising other states sovereign rights
 - Strong Regulatory Stance (China, Cuba, Saudi Arabia, Iran...): More governmental control
 - EU Surprise: “New Model needed”, in between other positions

- Internet Community demonstrating Cooperation, Capacity Building etc pp
 - Under ISOC umbrella
 - RIPE NCC leading NRO effort
 - Seeking dialogue

- “Tunis Agenda”, Paragraph 38

38. *We call for the **reinforcement of specialised regional Internet resource management institutions** to guarantee the national interest and rights of countries in that particular region to manage their own Internet resources, while maintaining global coordination in this area.*

- Internet Governance Forum

Internet Governance Forum

- aka “WSIS, next Generation”
- Discussion Forum
 - Not decision making
- Open ended and multistakeholder
- Athens, Greece (2006)
- Timeframe: Second half of 2006
