ASO AC: Reviewing ICP-2

- ICP-2 is the document that establishes the criteria for the recognition of Regional Internet Registries
- Dates back to 2001, it was used to establish LACNIC and AFRINIC
- It is over 20 years old, needs to be updated to meet the needs of the Internet landscape of today
- The ASO AC will be gathering input from all the RIR and ICANN communities over April-May 2025 on the updated draft
- Join the RIPE NCC Open House session (online) or the session at RIPE 90 (hybrid) to learn more and share your thoughts!
