

# Vote 3: Transfer Fee EUR 500 per Request

26 April 2023: Submitted as vote for approval by the May 2023 General Meeting.

## Transfer Fee per Request

For 2024, the RIPE NCC will introduce an additional transfer fee of EUR 500 per request. This is part of the service fee and an integral part of the Charging Scheme 2024. This fee is payable by the member upon submitting a transfer request, including in cases where the member is acting as a sponsoring LIR.

A transfer request will not be initiated/evaluated until this fee has been paid.

The transfer fee is non-refundable in the event that the transfer is rejected. This fee applies to all transfers regardless of the type of resource. This fee is charged per request, rather than according to the amount of resources being transferred.

All requirements regarding full payment of the annual contribution before a transfer can be executed remain in place.

## Transfer Request and Invoicing

The transfer fee will be charged upon request for transfer.

## Additional Fees

	2024	Applicability	2023
<b>Transfer Fee per Request</b>	EUR 500	Members submitting a transfer request	Not applicable
