

Me and my IP

Jaap Akkerhuis

Various Experiences

- Different experiences
- IPv6 Supplier
- IPv6 User
- Promotor
Experimentator

IPv6 Supplier

- 1998 ISP NLnet Labs
- Customer was tunneling via 2 countries
- Offered and provided tunnel
 - I was just the supervisor
- Became of standard offering
 - Triggered AMS-IX into action
 - With RIPE-NCC, Surfnet, others

IPv6 User

- Ca. 2000 while working for Registry
- Anticipating IPv6 use for delegations
- Tunnel set up with ISP (Surfnet)
 - Support seems hard!
- Useful at IETF meetings

Promotor Experimentator

- What if AAAA's appear in the root
 - Lots of discussions
 - Some simulations
 - Rapport October 2003
- What if AAAA's in root hints
 - SSAC report 21 (March 2007)
- IPv6 Support in Firewalls
 - SSAC report 22 (October 2007)

Currently

- Just a user
- Member of the Dutch IPv6 Taskforce
 - Squishing myths
