

RIPE Cooperation Working Group

Maria Häll, Co-chair

Deputy Director

Division for Information Technology Policy

Ministry of Enterprise, Energy and Communication

Sweden

RIPE Cooperation Working Group

- A forum for discussion focusing on cooperation between the private and public sectors (government and law enforcement) on Internet matters
- Facilitates the RIPE community reaching common positions on public sector-related issues
- Two Co-chairs
 - Maria Häll, Ministry of Enterprise, Energy and Communication, Sweden
 - Martin Boyle, Nominet UK

History

- RIPE Enhanced Cooperation Task Force
 - Launched in 2007 in response to WSIS/IGF calls for "Enhanced Cooperation"
 - Produced a RIPE Document on Enhanced Cooperation, and proposed the establishment of this Working Group
- RIPE Cooperation Working Group launched in 2008
 - Has met twice at RIPE 57 and RIPE 58

RIPE Cooperation Working Group

- Meets twice a year at RIPE Meetings
 - All stakeholders are invited to attend, take part in discussions, and give presentations
 - All proceedings are webcast and archived and anyone not on-site can join in the discussion via online chat!
- Discussion occurs year-round on a mailing list
 - cooperation-wg@ripe.net
- Updates to/from the RIPE NCC Roundtable Meetings
 - This Roundtable is a chance to contribute!

Recent and Upcoming Events

- RIPE 58
 - Panel discussion: "Why is IPv6 not being adopted by the business community?"
 - Updates on government IPv6 activities from Germany, Denmark and Sweden
- RIPE 59
 - Meets Wednesday, 7 October 2009, Lisbon, Portugal
 - IGF 2009 preparations (update on EuroDIG etc.)

Roundtable Input to the Cooperation WG

- Are there any issues you think the Cooperation WG should discuss?
- Are there government perspectives that should be presented to the RIPE community?
- Are there any issues on which you would like the RIPE community to take a public position?
- Issues can be far broader than just IP address policy

Thank you!
