Update DE-CIX

Bernhard Krönung

Agenda

- ▼ recent developments
- ▼ technical meeting
- ▼ statistics

recent developments

▼ a little more independent ...

- proposal for a little more independence from eco was approved by the eco meeting in July
- Installation of rights for the working-group „DE-CIX“ in the statute of eco e.V. which will give the members of the working-group rights to elect an advisory-board and a limited influence of eco e.V. in the installed DE-CIX GmbH

▼ new product

- DE-CIX will start to offer VLAN-Services by the end of the year.

recent developments

▼ first technical meeting (on September 9th)

- technical topics (infrastructure security etc.)
- presentation of a „broadband study“ of eco e.V. - i.e. developments in other parts of the world in the DSL/Fiber-to-the-home market etc.
- recent developments in IPv6 - we encourage members to start to or use more IPv6
- we started a VoIP Working-Group

Statistics

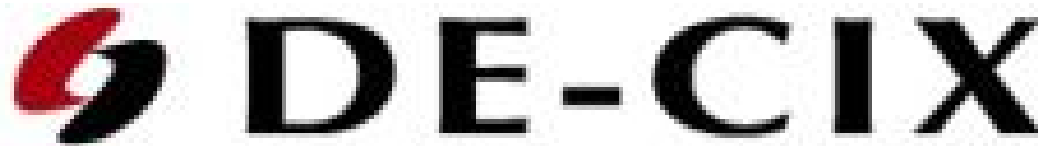

▼ Members (~ + 9% in 9 months)

- 2003/12/31: 126
- 2003/09/17: 134 (+3 connecting, ~21 prospects)
aprox. 25% using IPv6

▼ Traffic (~ + 45% in 9 months)

- 2002/12/31: 16,0 Gbps
- 2003/09/21: 23,0 Gbps

Thanx

Finished Thanx for your time
