

LoNAP Update

Paul Thornton <prt@lonap.net>
<http://www.lonap.net>

RIPE 49 22 September 2004

Overview

- Cisco based switching platform.
- Three sites in London Docklands.
- 45 members, ~ 250Mbit/sec traffic total.
- Interconnect with Xchangeport:
 - 45 peers on the shared VLAN.
 - 11 private VLAN peers.
- Fees £2000 per year – includes gig ports and unmetered traffic.
- IPv4, IPv6 and multicast.

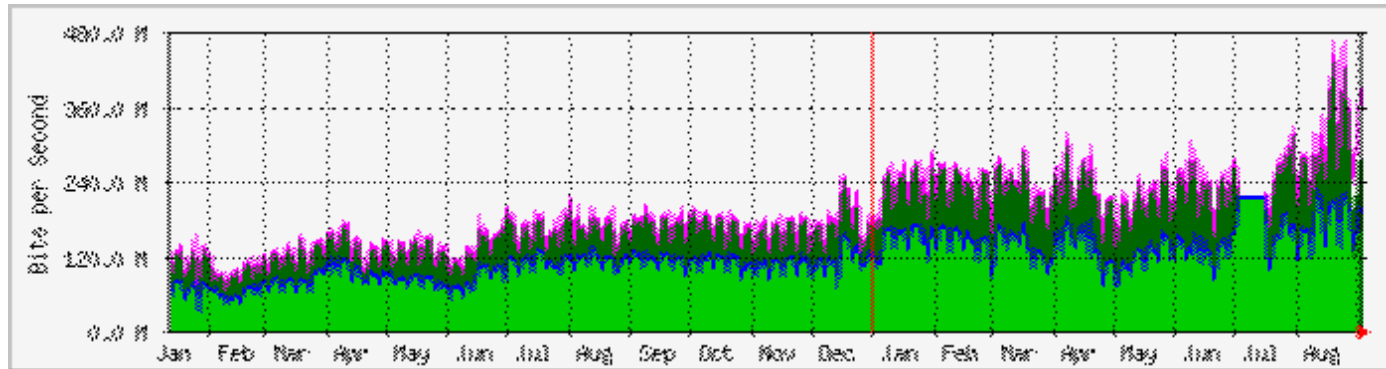

Recent Developments

- Two new directors – Denesh Bhabuta and Sebastien Lahtinen – four in total.
- Upgraded core switch fabric to new 6509s.
- Three recent new members in the last month – including Nominet UK and Zen Internet.

What's Coming

- Investigating other sites – please tell us where you want us to be.
 - E-Mail denesh@lonap.net
- 10G connections – very soon.

The obligatory traffic graph...

We nearly forgot an EIX presentation requirement!

Thank You
